## Speaker:

Drew Reynolds, PhD, MSW, MEd is Principal Consultant at Common Good Data, where he provides data and program evaluation services to nonprofits and the public sector. In his consulting work, he advises organizations on how to use data-driven decision-making to design and evaluate effective programs, secure funding, and improve community wellbeing. While he serves organizations across many sectors, Drew - a social worker - has developed an expertise in providing data and program evaluation services for organizations in prevention, mental health, human services, and education. Drew also advises organizations on how to improve data and evaluation activities through a diversity, equity, and inclusion lens that attends to the culturally, linguistically, and racially diverse contexts in which many organizations serve.
